Jungbunzlauer

*From nature
to ingredients®*

Directions

- 1 Premix phase A and sprinkle xanthan gum during stirring with propeller stirrer and mix until full hydration
- 2 Add pre-dissolved Menthol-Ethanol phase under slow stirring avoiding formation of too many air bubbles
- 3 Add perfume and optional colour
- 4 Adjust pH value to 5.1 – 5.5

Technical Data

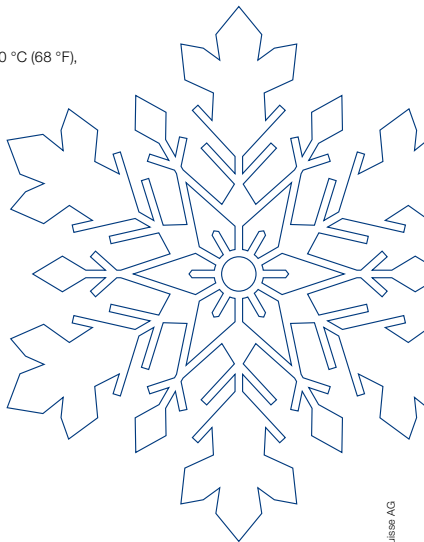

Appearance: Clear (light blue) strong gel

pH Value: 5.1 – 5.5

Viscosity: 2700 Pa·s at 0.01 s⁻¹

Stability

More than 3 months stable at 4 °C (39.2 °F), 20 °C (68 °F), and 40 °C (104 °F)

All Jungbunzlauer ingredients are ECOCERT/COSMOS approved and vegan.
