

Karl Kahane Foundation*

As company owners we are aware that we are not only responsible for our employees and the company but also for the larger community, for the environment and for our planet. The Kahane family is pursuing this goal with our Karl Kahane Foundation.

The Karl Kahane Foundation was established in 1991 by the late Karl Kahane as an independent, privately-funded, non-political and non-religious charitable foundation. The foundation works together with various secular and religious organisations, be they Jewish, Christian or Muslim. We respect the cultural and religious backgrounds of our partners as well as their social and political roles. Our philosophy consists in conducting an on-going dialogue with project initiators as well as local experts to assess the most urgent needs.

The Karl Kahane Foundation today works with a growing number of organisations in various fields: Healthcare, social welfare, applied development research and training, education, women's rights and living conditions in Asia, the Middle East and Africa but also in Europe and Canada – special needs today have no geographical focus. And we are very pleased with the fact that we have been

able to support a number of projects having been brought forward by employees in Jungbunzlauer.

It is an important point for us that an amount of 5 % of all dividends paid is given as a contribution to the Karl Kahane Foundation. This enables us to make our contribution to a more sustainable world for everybody and since 1991 donations have amounted 38.6 mCHF. So, with your daily work you contribute a significant piece to the foundation's work and to our goals.

Thank you very much for your contribution to that aspiration!

The Kahane Family
